Experience

Front-end developer with 3+ years of professional experience building responsive, user-centric web apps. Skilled in Vue.js, React.js, Next.js, and modern cloud/deployment workflows. Experienced in both freelance and team environments, delivering high-quality UI/UX solutions aligned with client goals.

Frontend Developer @Knowertech

Calgary, AB | Apr 2022 - Mar 2025

- Developed core features for AdRetriever, an AI-driven platform that automates ad creation, campaign management, and performance analysis.
- Built responsive, accessible interfaces and dynamic ad generation tools using Vue.js, Tailwind and AWS.
- Collaborated in agile team to integrate APIs and optimize UI components, for scalability and user experience.

Web Developer @Catch Digital

Calgary, AB | Aug 2021 - Apr 2022

- Built websites from mockups and sitemaps, ensuring responsive layouts for mobile and desktop.
- Designed custom UI components to match client branding and functional requirements.

Logistics Manager @A Couple of Squares

London, ON | Aug 2013 - Mar 2020

- Managed end-to-end domestic and international shipments, ensuring compliance with client guidelines, FDA, and CFIA regulations.
- Managed inventory, and purchasing, enacting packaging procedures reducing handling time and material costs.

Skills

VUE JS	NODE JS	AWS/LAMBDA
REACT JS	TYPESCRIPT	POSTGRES
NEXT JS	PYTHON	VERCEL
TAILWIND	MYSQL	ADOBE/Figma
